

We Are Turning 3 Years Old!

The **CureCervicalCancer Team** would like to thank you for your ongoing support and dedication to saving women's lives. We are extremely grateful to have an amazing group of individuals that believe in our cause!

Within the past three years, we have **screened/treated 52,561 women** and **trained more than 300 healthcare professionals** in resource-poor countries in the "See and Treat" procedure.

The **CureCervicalCancer** team wants to recognize our outstanding founder, Dr. Patricia Gordon, for her unremitting efforts in the fight against cervical cancer.

Her tireless dedication to saving lives is an inspiration to us, our partners, and supporters around the world!

Thank You Dr. Patricia Gordon!

Give the Gift of Life!

Your support is always highly appreciated. We thank you for believing in CureCervicalCancer and your dedication to saving lives! Continue to send us your love by clicking on the **DONATE** button or by mail.

For mailed donations, please make checks payable to *CureCervicalCancer* and send it to the address below!
