

# *CureCervicalCancer is Recognized in International Meetings*

*CureCervicalCancer Thanks Dr. Caroline Nitschmann, CCC Board Member and Gynecologic Oncology fellow at Mayo Clinic in Rochester, Minnesota for Presenting our Work at the SGO and ASCCP Conventions!*

The Society of Gynecologic Oncology (SGO) is the premier medical specialty society for health care professionals trained in the comprehensive management of gynecologic cancers.

The American Society for Colposcopy and Cervical Pathology (ASCCP) serves as the primary source of postgraduate colposcopy training not only in the United States, but globally.

We are thrilled to report that there was a great interest in our work, and we will be published in The Journal of Lower Genital Tract Disease this year!

*Please help us to continue providing cervical cancer screening and treatment services to resource-poor countries around the globe and save the lives of our mothers, sisters, and daughters.*
