

# #GI ING TUESDAY

Only *seven* days left until *Giving Tuesday*

November **29th**, 2016

[Click to Donate to CCC](#)

**67** "See and Treat" Clinics Worldwide

**70,224** Documented Women Screened/Treated

# Today, Local is Global.

This holiday season, remember that **local is global**.

This is a time **to reflect** and **be grateful** for the joys and riches of our lives. A time for **family, friends, and giving**.

This year at CCC we ask you to help us extend our **support to women around the world**. The reality is that **women are losing their lives** and **children are losing their mothers** while a simple solution is almost within reach.

Your continued financial support is **essential** for us to continue saving thousands of lives and thousands of families.

**Thank you so much** for your **generosity** and your **commitment** to fighting this tragic and needless epidemic!

## *Recent Updates*

## CCC returned from **China** today!

- Dr. Gordon lectured at **five national conferences** in five cities: **Shenzhen, Kunming, Nanchang, Chong Qing, Shangrao.**
- We shared our **worldwide success** using **cryotherapy** as a preventative treatment for early stages of cervical cancer.
- The **Fishmouth Hospital** in a rural region of Chong Qing was recognized and certified as a cryotherapy center.
