

HAITI: REINVIGORATED!

CAP-HAITIEN & LIMONADE

JANUARY 9-13, 2017

[Click Here to Donate Now](#)

CCC returned to Haiti to **Resupply**, **Revisit**, and **Re-educate** two of our busiest clinics in Haiti.

One of the trainees models our International Medical Corps T-shirt alongside Program Director Rebecca & Senior Program Coordinator Leila at the Lindsey Rickles Clinic at Bethesda Medical Center in Cap-Haitien

New to the CCC Volunteer Family, Ventura Family Medicine Resident Dr. Laura Bertani preps for a cryotherapy treatment at our Rieschel Family Clinic in Limonade

Day 1: Dr. Gordon collaborating with our translator to lecture our eight eager trainees in "See & Treat" and cervical health and cancer prevention

Day 3: Graduation day! After passing the written test with flying colors, our proud trainees pose with their certificates and the CCC team

- We trained and certified 5 nurses and 3 doctors in the "See & Treat" method of cervical cancer prevention
- We provided care to the women who needed it most.
- We saved lives!

The CureCervicalCancer Team thanks you for your ongoing support.
