

Today is World Health Day

World Health
Organization

#letstalk

Today is about coming together to raise awareness about global health issues that are largely overlooked, all too often.

The current administration has made proposals of massive budget cuts to the federal USAID budget (21-37%)

If approved, these budget cuts would inevitably and drastically affect the work of our international partners and, in turn, CureCervicalCancer's ability to maintain

the integrity of our programming.

USAID's supports all 7 countries in which CureCervicalCancer provides "See & Treat" programming

Ways to celebrate World Health Day:

- Subscribe to our new YouTube channel
- Like us on Facebook
- Follow us on Instagram
- Follow our company page on LinkedIn

A promotional graphic with a red background on the left and a blue background on the right. On the left, the text "you will" is above a white YouTube play button icon, and "our new channel" is below it. In the center, the CureCervicalCancer logo (three red 'c's) is above the text "will love you back if you" and a "subscribe" button with "!!!!" below it. On the right is a large white Facebook 'f' logo on a blue background.
